

During the all-in sport time on Wednesday and Friday of Week Four St Francis' students and staff participated in Annual St Francis' Mini-Olympics. This was the second year the event has run with few minor adjustments to the schedule from last year's inaugural event.

Wednesday's team events were moved to an inside venue at Fitzpatrick's due to the wintery weather. The six team events were keenly contested with each of the three teams sharing the joy of winning twice each. All students competed intensely but fairly (maybe the same could not be said about some staff).

Friday's individual events were held at St Francis' with 9 events included in the Run, Jump, Throw themed program. Again, all students competed in the spirit of the Olympics and came out with many personal bests. Stand out athletes were Jaleah Oakley-Mourish in the female's competition and Joseph Fonda in the male's competition. Chocolate and Medallions were handed out at the culmination of the two days with no one walking away without some share of the spoils.

A big thank to the students for competing within the spirit of the games, to staff for all they did in preparation and running of events and to Ms Jaid Webster for driving the planning, and administration of the events over the two days.
